GUIDELINES 2026

FORMULAPROUSA.COM

The following slides outline the specifications for all logo identification that each team and its drivers are required to follow during the 2026 Formula Pro USA season. The specifications include logo type, location and size for the designated space. This document covers the Official Sponsor Logos.

Teams will receive two sets of decals with their vehicle registration. Additional sets will be available for purchase. Drivers are free to have their suits embroidered with the appropriate assets. **Please provide a solid background for the area where the logo is to be placed unless prior approval has been received by Exclusive Racing.** The goal is to maximize the contrast between the surface and logos, in order to provide the greatest visibility for trackside viewers.

Teams must send liveries to Exclusive Racing Info@ExclusiveRacing.com for approval prior to completion of the vehicle wrap. Any questions regarding logo placement, decals or assets, contact Info@ExclusiveRacing.com.

[Assets can be downloaded from the website by clicking here](#)

GRAPHIC MOTIF 2026

FORMULAPROUSA.COM

The FPUSA3 logos must be given prominence and visibility, so they are not crowded by other text and graphics.

The clear space area of 2" is the minimum distance away from other graphics. We recommend that you increase this space whenever possible.

Whichever logo arrangement is in use, the width of the Letter 3 should be at least 2" tall, and ideally larger when possible.
